スーパー・パドルシフト

*An exciting new product for vehicle equipped
with a MOMO or NARDI steering wheel.*

BMW, PORSCHE Paddle Shift

The Super Paddle Shift is a vehicle specific carbon paddle lever switch that allows gear changing just like in F1 race cars. BMW and Porsche applications are bolt on with direct connector installation.

BMW SMG Step-tronic AT vehicles and Porsche Tiptronic AT vehicles are extremely popular.

Future applications for VW, AUDI, ALFA ROMEO are being developed.

An option part is necessary by a type of a car(except the SMG wearing vehicle). The option part is sold at the following price.

*OPS-B0046 Price : ¥39,800

Caution 1) Prices and Product subject to change without prior notification

Caution 2) Please order after confirming stock

Caution 3) Applicable to all legally imported vehicles. May not work on some overseas models.

New application for E90.
